**For Regalia Purchases:**

Order in store or [download the Purchase Order Form here](#).

Doctoral regalia for purchase is custom ordered & must be ordered 4 to 6 weeks prior to the date needed to guarantee delivery of your custom regalia.

**The deadline to ensure delivery for The Harvard Commencement is April 26th.**

Our custom regalia is made by Oak Hall Industries, which manufactures everything in Salem, Virginia, USA. We are often asked to compare our custom regalia to a competitor's product, which is made overseas. There are substantial differences in the grade of fabric used - when compared to regalia made overseas, our custom gowns have superior fabric draping, much more generous fluting, and a softer, rich grade of velvet. The tams are individually sized and truly custom versus an adjustable "size range". We can also provide custom doctoral regalia for people who graduated from institutions other than Harvard. Pricing varies; please contact us at [customerservice@thecoop.com](mailto:customerservice@thecoop.com) for more information.

PLEASE NOTE: Harvard Regalia RENTALS are only available for use at The Harvard Commencement in May. If you need regalia for use at another school's ceremony, you will need to PURCHASE the regalia.
